1.0 Background

- 1.1 In May 2024 the Council received notice from a representative of the Byre Theatre regarding a film due to be screened on 19 June 2024.
- 1.2 This film still has to be classified by the BBFC. Therefore, as required by the Council's Standard Conditions of Licence, the Byre Theatre is seeking permission for the film, detailed in the information circulated, to be shown. The committee has previously agreed to similar variations.
- 1.3 Committee members should note that any permitted variation would relate only to the film specified as circulated to members, and any films not so specified would be required to adhere to the Council's Standard Conditions of Licence.
- 1.4 This permission will apply, as appropriate, to the Byre Theatre on 19 June 2024 only.

2.0 Conclusions

- 2.1 Condition 3 of the Council's standard conditions, which applies to all cinema licences, states that:

Full conditions are attached at Appendix 1.

Agenda Item No.5

Annual Taxi/Private Hire Car Inspection Report for February to May Tests – East Fife Area

Report by: Billy Ferguson, Service Manager, Fleet Operations

Wards Affected: 17, 18, 19, 20 and 21

Purpose:

To advise the Committee of the outcome of the Annual Taxi and Private Hire Car Inspection Tests for the East Fife Area.

Recommendation:

It is recommended that:

- (1) a random inspection test, six months after the annual test dates, should be considered, where appropriate, to ensure public safety; and
- (2) the Committee takes any other steps it deems appropriate.

Resource Implication:

Arrangements may have to be made for 35 random inspection tests.

Legal & Risk Implications:

There is a possible public safety risk if no random inspections are carried out.

Policy & Impact Assessment:

None

Consultation:

None

1.0 Background

- 1.1 This report gives details of the results of the inspections carried out on vehicles operating in East Fife from February to May 2024.
- 1.2 Of the 222 vehicles licensed in East Fife, 187 vehicles passed first time which equates to 84%, 35 failed and passed on re-test equating to 16%. In 2023, 221 vehicles were tested and 190 vehicles passed first time which equated to 86%. 31 vehicles failed but passed on re-test which equated to 14%.

2.0 Issues and Options

- 2.1 As well as considering random tests of the vehicles that failed the test, the Committee, may deem it appropriate to:
 - invite those operators whose vehicles failed the test to a meeting with the Convener and Vice Convener of the Committee to discuss their maintenance procedures; or
 - consider whether or not to hold a Hearing, for the operators whose vehicles failed the test, under paragraph 11 of Schedule 1 to the Civic Government (Scotland) Act 1982 which relates to suspension of the licence.

3.0 Conclusions

- 3.1 It is extremely disappointing that the first-time pass rate has decreased and so many vehicles failed the test first time around. The Operators should be reminded that their vehicles should be maintained to a very high standard, at all times.

Agenda Item No. 6

Annual Taxi/Private Hire Car Inspection Report for March Tests - Levenmouth Zone

Report by: Billy Ferguson, Service Manager, Fleet Operations

Wards Affected: 22 and 23

Purpose:

To advise the Committee of the outcome of the Annual Taxi and Private Hire Car Inspection Tests for the Levenmouth Zone.

Recommendation:

It is recommended that:

- (1) a random inspection test, six months after the annual test dates, should be considered, where appropriate, to ensure public safety; and
- (2) the Committee takes any other steps it deems appropriate.

Resource Implication:

Arrangements may have to be made for three random inspection tests.

Legal & Risk Implications:

There is a possible public safety risk if no random inspections are carried out.

Policy & Impact Assessment:

None

Consultation:

None

1.0 Background

- 1.1 This report gives details of the results of the inspections carried out on vehicles operating in Levenmouth Zone in March 2024.
- 1.2 Of the 89 vehicles licensed in Levenmouth, 86 passed first time, which equates to 97%, 3 failed and passed on re-test equating to 3%. The percentage pass rate in 2023 was 99%.
- 1.3 Summaries of the results and failures are attached in Appendix 1 to this report.

2.0 Issues and Options

- 2.1 As well as considering random tests of the vehicles that failed the test, the Committee, may deem it appropriate to:
 - invite those operators whose vehicles failed the test to a meeting with the Convener and Vice Convener of the Committee to discuss their maintenance procedures; or
 - consider whether or not to hold a Hearing, for the operators whose vehicles failed the test, under paragraph 11 of Schedule 1 to the Civic Government (Scotland) Act 1982 which relates to suspension of the licence.

3.0 Conclusions

- 3.1 Although I am slightly disappointed to report that there has been a small decrease to the first-time pass rate results this year, the operators should be congratulated on their efforts in maintaining their vehicles to the high standards expected. Those operators whose vehicles failed the test should be reminded of their responsibilities to maintain their vehicles to a very high standard at all times.

1.0 Background

- 1.1 This report gives details of the results of the inspections carried out on vehicles operating in West Fife in February to May 2024.
- 1.2 Of the 102 vehicles tested in West Fife, 95 passed first time which equated to 95%, 5 vehicles failed but passed on re-test which equated to 5%. The percentage pass rate in September 2023 was 89%.
- 1.3 Summaries of the results are attached in Appendix 1 to this report.

2.0 Issues and Options

- 2.1 As well as considering random testing of vehicles, the Committee, may deem it appropriate to:
 - invite those operators whose vehicles failed the test to a meeting with the Convener and Vice Convener of the Committee to discuss their maintenance procedures; or
 - consider whether or not to hold a Hearing under paragraph 11 of Schedule 1 to the Civic Government (Scotland) Act 1982 which relates to suspension of the licence.

3.0 Conclusions

- 3.1 I am pleased to report that the first-time pass rate has increased. However, the Operators should be reminded that their vehicles should be maintained to a very high standard, at all times.
