The reason for refusal of the applications at (c), (e), (h) and (i) above was that the applicants were not considered to be fit and proper persons to hold the licences applied for in view of the nature and extent of previous convictions/offences recorded against them or due to previous incidents they had been involved in.

The licenceholder had been invited to attend and be represented at the meeting. He was present, heard and represented by his solicitor, Asif Hussain, Glasgow.

The grounds for suspension were that the licenceholder was no longer considered to be a fit and proper person to hold the licence and the carrying on of the licensed activity was causing, or was likely to cause, a threat to public safety.

(Councillor McLelland left the meeting following consideration of the above matter).

1.0 Background

- 1.1 This report gives details of the results of the inspections carried out on vehicles operating in Kirkcaldy zone in July, August & September 2024.
- 1.2 Of the 114 vehicles licensed in Kirkcaldy, 111 passed first time, which equates to 97%, 3 failed and passed on re-test equating to 3%. The percentage pass rate in 2023 was 97%.
- 1.3 Summaries of the results and failures are attached in Appendix 1 to this report.

2.0 Issues and Options

- 2.1 As well as considering random testing of vehicles, the Committee, may deem it appropriate to:
 - invite those operators whose vehicles failed the test to a meeting with the Convener and Vice-Convener of the Committee to discuss their maintenance procedures; or
 - consider whether or not to hold Hearings under paragraph 11 of Schedule 1 to the Civic Government (Scotland) Act 1982 which relates to suspension of the licences.

3.0 Conclusions

- 3.1 I am delighted to report that the first-time pass rate remains as high as 2023. The Operators should be congratulated for their efforts in continuing to maintain their cars to a very high standard.

Annual Taxi/Private Hire Car Inspection Report for June to September 2024 - West Fife Area

Report by: Billy Ferguson, Service Manager, Fleet Operations.

Wards Affected: 1, 2, 3, 4, 5, 6, 7, 8 and 9

Purpose:

To advise the Committee of the outcome of the Annual Taxi and Private Hire Car Inspection Tests for the West Fife Area.

Recommendation:

It is recommended that:

- (1) random inspection tests, six months after the annual test dates, should be considered, where appropriate, to ensure public safety; and
- (2) the Committee takes any other steps it deems appropriate.

Resource Implication:

Arrangements may have to be made for five random inspection tests.

Legal & Risk Implications:

There is a possible public safety risk if no random inspections are carried out.

Policy & Impact Assessment:

None

Consultation:

None

1.0 Background

- 1.1 This report gives details of the results of the inspections carried out on vehicles operating in West Fife in June to September 2024.
- 1.2 Of the 180 vehicles tested in West Fife, 170 passed first time which equated to 94%, 10 vehicles failed but passed on re-test which equated to 6%. The percentage pass rate in April 2024 was 95%.
- 1.3 Summaries of the results are attached in Appendix 1 to this report.

2.0 Issues and Options

- 2.1 As well as considering random testing of vehicles, the Committee, may deem it appropriate to:
 - invite those operators whose vehicles failed the test to a meeting with the Convener and Vice Convener of the Committee to discuss their maintenance procedures; or
 - consider whether or not to hold a Hearing under paragraph 11 of Schedule 1 to the Civic Government (Scotland) Act 1982 which relates to suspension of the licence.

3.0 Conclusions

- 3.1 Although the report shows a slight decrease in the percentage rate, there were far more vehicles tested this time around. The Operators should be reminded that their vehicles should be maintained to a very high standard, at all times.
